

A thoroughly field-tested and proven thaw unit for properly thawing semen at a constant rate of 95°-98° F through correct, accurate, and sensitive electronic control. Made of tough ABS non corrosive plastic, the unit will take a lot of abuse, but at the same time protect all of its working elements. Indicator lights show when the unit is ready to use, and when it is working and maintaining water bath at proper temperature. Complete with 6 ft. power cords and dual voltage power supply, lift out basket and thaw monitor. Available in standard model with Thaw Monitor or Digital Monitor.

CITO THAW MANUAL Fahrenheit or Celsius Temperature Monitor

LIFT OUT BASKET

Ampul
basket for
Cito thaw
included

THAW MONITOR

It is essential if you use the warm water thaw method. Easy to use, hold by corner and run water down the entire thermometer, adjusting water, until number is green within the safe zone. Included.

INSTRUCTION MANUAL
